

April 29, 1975

SENATOR MURPHY: It was my thought and I do not know, but it was my thought that if they were using it for a matter of verification as to what wholesalers are reporting for tax purposes and they are mailing it to the dealer for confirmation, then I would concur with you that the list as it is should not be circulated but possibly they could reduce it and mail to the individual dealer if they are using it for confirmation on sales only his own record because I share your concern that it is a right of privacy that should...really that they are entitled too.

SENATOR KELLY: Yes, that is correct and the commission would still have all of the information that they would need and they could confirm in any way that they want to do, but they could not make that information public. That is what this amendment would do.

PRESIDENT: Any further discussion on the Kelly amendment? If not the question is shall the Kelly amendment be adopted? The question is shall the Kelly amendment be adopted? Have you all voted?

SENATOR KELLY: Mr. President, recognizing that this all came up in a great big hurry and I probably presented it poorly particularly when Senator Cavanaugh is opposed to helping the right of privacy. I'm not going to call the house, but I do intend to put this amendment on the next liquor bill coming down the pipe.

PRESIDENT: Record the vote.

CLERK: 13 ayes, 12 nays.

PRESIDENT: Amendment loses. What will we do with the bill? Chair recognizes Senator Barnett. Were speaking on the bill. Chair recognizes Senator Chambers.

SENATOR CHAMBERS: Senator DeCamp, if I kill you today it will be softly, I promise. I look at liquor of one of the twin killers of godlessness in this society. I think that this one ought to be struck down in the name of all that is holy, just and proper. However, I'm not going to offer the motion to kill it, I'm just going to express...nor do I offer a motion to kill Senator DeCamp, stand up Senator DeCamp. I would not offer that motion because there comes a time when the Legislature does what it intends to do any way. If there is opposition to the bill, there will not be enough votes to advance it. If I offer a kill motion and it is unsuccessful it would take a lot of time and cause a delay to no purpose. The bill was barely passed last session and it was vetoed by the Governor, if it doesn't get 30 votes there is no point in tinkering with it, so I think that this bill....Senator Kelly talked about the next liquor bill going down the pipe, this one ought to go down the drain and I hope that is what happens as soon as possible.

PRESIDENT: Chair recognizes Senator R. Lewis.

SENATOR R. LEWIS: In the face of that Mr. President, I don't know whether I should speak, but I plan to support
